Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

McClurg Capital Corporation (the "Company") was incorporated in the State of California on June 26, 1985. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), Securities Investor Protection Corporation ("SIPC"), and the Municipal Securities Rulemaking Board ("MSRB").

The Company is engaged in business as a securities broker-dealer, that provides several classes of services, including those of a mutual fund retailer.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

For purposes relating to the statement of cash flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business.

Securities transactions are recorded on a trade date basis with related commission income and expenses also recorded on a trade date basis.

Advertising costs for the year ending September 30, 2020 were \$0.

Equipment and furniture, net are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

The Company accounts for income taxes in accordance with generally accepted accounting principles.

The Company establishes a deferred tax asset or liability to recognize the future tax effects of transactions that have not been recognized for tax purposes, including taxable and deductible temporary differences as well as net operating loss and tax credit carryforwards. Deferred tax expenses or benefits are recognized as a result of changes in the tax basis of an asset or liability when measured against its reported amount in the financial statements. Deferred tax assets and benefits are fully reserved due to the inconsequential balance they would have on these financial statements.

As of September 30, 2020, the Company's federal and state tax returns generally remain open for the last 3 years.

Note 2: DEPOSIT WITH CLEARING ORGANIZATION

The Company has entered into an agreement with its clearing firm to carry its accounts and the accounts of its client as customers of the clearing firm. The clearing firm has custody of the Company's cash balances which serve as collateral for any amounts due to the clearing firm as well as collateral for securities sold short or securities purchased on margin. Interest is paid monthly on these cash deposits at the average overnight repurchase rate. The balance at September 30, 2020 was \$104,697.

Note 3: EQUIPMENT AND FURNITURE, NET

Equipment and furniture are recorded net of accumulated depreciation and summarized by major classification as follows:

		Useful Life

Note 5: INVESTMENTS AT FAIR MARKET VALUE

Investments at fair market value consist of common stocks, corporate bonds, and closed end mutual funds. As discussed in Note 1, marketable securities held by the Company are classified as trading securities and stated at their fair market value based on quoted market prices. At September 30, 2020, these securities are carried at their fair market value of \$411,815.04. The accounting for the mark-to-market on proprietary account is included in the Statement of Income as net investment gains of -\$8,692.

Note 6: FAIR VALUE MEASUREMENT – ACCOUNTING PRONOUNCEMENT

On January 1, 2009, the Company adopted FASB ASC 820, Fair Value Measurements and Disclosures, which defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Quoted prices in an active market for identical assets or liabilities;

Level 2 – Observable inputs other than Level 1, quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, and model derived prices whose inputs are observable or whose significant value drivers are observable;

Level 3 – Assets and liabilities whose significant value drivers are unobservable.

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of September 30, 2020:

	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Assets				
Securities Held	\$411,815	\$411,815		
Total	\$411,815	\$411,815

Notes to Financial Statements

Note 7: OCCUPANCY

The Company leases its current office space through November 30, 2020. Rent expense under these lease agreements expiring at various dates for the year ended September 30, 2020, was \$92,444. Total minimum lease commitments at September 30, 2020 are:

FY 2021 \$ 11,685

Note 8: PENSION PLAN

The Company provides certain retirement benefits to its eligible employees. In accordance with Accounting Standards Codification No. 712, such costs are to be accounted for on the accrual basis. Pursuant to its commitment to provide retirement benefits to its eligible employees, the Company has a Salary Reduction Simplified Employee Pension Plan (SARSEP). Employees are eligible to participate in the plan after having performed service for the employer during at least one of the preceding five plan years. Employer contributions to the plan are discretionary. Employee and employer contributions vest 100% immediately. A contribution based upon the current year's earnings will be made to the plan in 2020. The amount of that contribution is \$49,506 and has been reflected in the accompanying statement of income.

Note 9: CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

Note 10: COMMITMENTS AND CONTINGENCIES

The Company maintains several bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or the Securities Investor Protection Corporation ("SIPC"), up to \$500,000. At times during the year ended September 30, 2020, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable. The Company had no commitments, no contingent liabilities and had not been named as defendant in any lawsuit at September 30, 2020 or during the year then ended.

McClurg Capital Corporation
Notes to Financial Statements
September 30, 2020

Note 11: RECENTLY ISSUED ACCOUNTING STANDARDS

For the year ending September 30, 2020, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Revenue Recognition

In May 2014, FASB issued ASU 2014-09, Revenue from Contracts with Customers: Topic 606 ("Topic 606"). Topic 606 requires new disclosures, including descriptions of performance obligations. The Company adopted the provision of this guidance on October 1, 2018 using the modified retrospective approach. The Company has performed an assessment of its revenue contracts and has not identified any material changes to the timing or amount of its revenue recognition under Topic 606. The Company's accounting policies did not materially change as a result of applying the principles of revenue recognition from Topic 606 and are materially consistent with the existing guidance and current practices applied by the Company. There was no impact to retained earnings as of October 1, 2019, or to revenue for the twelve months ended September 30, 2020 after adopting Topic 606 as revenue recognition and timing of revenue did not change as a result of implementing Topic 606.

Note 12: GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index, or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security or a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at September 30, 2020 or during the year then ended.

Note 13: SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

Note 14: TRI-PARTY AGREEMENT

The Company entered into an agreement on November 4, 2016 by and among Pershing LLC a limited liability company, Herold & Lantern Investments, formerly Bernard Herold & Co. ("Broker"), a New York corporation, and McClurg Capital Corporation ("Sub-Broker"), a California corporation. Pershing and the Broker are parties to that certain fully disclosed clearing agreement, pursuant to which the Broker introduces its customer and proprietary accounts to Pershing and Pershing acts as Broker's clearing agent and carries such accounts on a fully disclosed basis. Also, the Broker and Sub-Broker have entered into an agreement to which the Broker will introduce the Sub-Broker's customer and proprietary accounts to Pershing so that the Sub-Broker may indirectly obtain benefits of the securities clearing services the Broker obtains from Pershing.

Note 15: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on September 30, 2020, the Company had net capital of \$599,658 which was \$499,658 in excess of its required net capital of \$100,000; and the Company's ratio of aggregate indebtedness (\$127,184) to net capital was 0.21 to 1.

Report of Independent Registered Public Accounting Firm

To the Board of Directors of McClurg Capital Corporation

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) McClurg Capital Corporation identified the following provisions of 17 C.F.R. §15c3-3(k) under which McClurg Capital Corporation claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(ii) (exemption provisions) and (2) McClurg Capital Corporation stated that McClurg Capital Corporation met the identified exemption provisions throughout the most recent fiscal year without exception. McClurg Capital Corporation's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about McClurg Capital Corporation's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) (exemption provisions) of Rule 15c3-3 under the Securities Exchange Act of 1934.

One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the management of the Company hereby makes the following assertions:

Identified Exemption Provision:

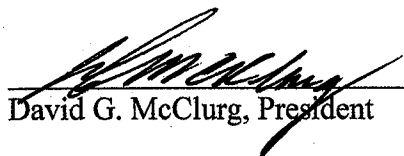

The Company claims exemption from the custody and reserve provisions of Rule 15c3-3 by operating under the exemption provided by Rule 15c3-3, Paragraph (k)(2)(ii).

Statement Regarding Meeting Exemption Provision:
